Ombudsman Activities

- Provide a National Snapshot
 - Services provided in support of residents
 - Represents the range of work LTCO routinely conduct
- States May Collect Additional Information
 - States can use discretion in capturing program activities.
 - States may choose a specific method to calculate percentage of time on TA or systems advocacy.
 - States frequently capture information beyond the AoA requirements for NORS.

Activity Chart

- Annotated chart lists and defines 12 activities.
- Describes measures for each activity.
- Intended to add clarity in reporting activities.

Activity Chart

- Software impacts how activities are calculated.
 - *Example:* LTCO enter all routine visits into LTCO software program. When the State LTCO completes the NORS report, the software determines which facilities met the definition of facility coverage for AoA reporting.
 - *Example:* LTCO enter primary topic for each training or consultation. When the State LTCO completes the NORS report, the software produces the top three topics to report to AoA.

Activity Chart Activities

- Training for LTCO Staff and Volunteers
 - Perspective of the trainer
 - Training for LTCOP staff
 - Count and Report
 - Number of sessions 📅

 - Topics covered, primary topic

Activity Chart Activities

- Information & Consultation to Individuals
 - Count each *separate* request for information and assistance, not each call related to the same request. 
 - Do not count conversations related to a specific case.
 - Record the primary topic in each consultation.

Activity Chart Activities

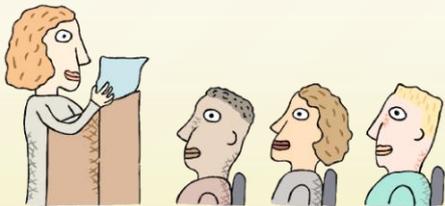

- Facility Coverage
 - Facilities visited \geq quarterly, Federal fiscal year
 - Visited not in response to a complaint
 - Unduplicated count of facilities 
- Participation in Facility Surveys
 - LTCO participation in surveys, including inspections in board and care facilities
 - Participation in various parts of survey process counts
 - Count participation in same survey only once
 - Number of surveys 

Activity Chart Activities

- Work with Resident Councils
