

Meet the OMBUDSMAN

[aam·buhdz·muhn]

Ombudsmen are advocates who protect and promote the rights of residents in long-term care facilities.

If you have questions, concerns, or complaints about your rights and care, an ombudsman will:

- listen
- respect your choices
- protect your rights
- help resolve concerns & complaints
- offer ideas and options
- support resident and family councils

Ombudsman services are confidential and free of charge.
