

## N.C. Regional Long Term Care Ombudsman MENTEE Evaluation - 6 month

The mentor program was established in 1997 as a mechanism for new Ombudsman to have direct access to another Ombudsman for support and information during their first few months of employment. This assessment will assist this program in evaluating the effectiveness of this partnership. Please reflect on your first six months and your relationship with the mentor that you have been assigned. Your answers will be combined with those of other new Ombudsman and reviewed by the State Long Term Care Ombudsman.
