This intake toolkit is designed to assist Long-Term Care Ombudsman programs with the application and screening process for potential volunteer Ombudsman program representatives. The toolkit includes several templates that Ombudsman programs can adapt to meet their individual program requirements.

Volunteer Ombudsman program representatives are invaluable, but due to the unique role and responsibilities of the Ombudsman program there are potential risks that need to be addressed. These risks should be evaluated prior to making changes to a program’s intake and screening process and policies and procedures should be evaluated periodically. The Volunteer Risk Management Considerations for Long-Term Care Ombudsman Programs worksheet highlights areas of risk and tips for reducing risk to help programs identify potential risk, review current program practices, and develop recommendations for improvements.

While it can be challenging to find individuals who are willing to volunteer as Ombudsman program representatives, the purpose of the intake process is to ensure that this is a good fit for both the individual and the program. Through the information received on the application form, interviews, and references, this is the time when both parties can determine whether to proceed. Ombudsman programs should not hesitate to decline a potential volunteer that is not a good fit for this unique position, as it is better to do this upfront than to have a situation arise later when the individual has access to residents.

If the program determines the person would be better placed in another role within the program than as an Ombudsman program representative visiting residents, the individual may be able to use their skills for other valuable tasks. Other tasks or projects may include: creating promotional materials, assisting with content for the program’s social media accounts, developing community education materials and training, and participating in community outreach events.

1 Examples of volunteer application and screening tools from State Long-Term Care Ombudsman Programs and local Ombudsman entities were used in the development of this toolkit. Many of those examples are referred to in the “Resources” section of the toolkit and are available on the NORC website: http://ltcombudsman.org/omb_support/volunteer.

Additional considerations for your intake process:

1. Provide multiple ways to apply to volunteer with your program (e.g., by mail, email, on-line). Ensure easy access to information about volunteering with your program. Consider including the following information on your website: overview of volunteer role and responsibilities, steps in application process, application form, training calendar or information about how training is scheduled, brief examples of volunteer successes and/or quotes about why they volunteer for your program, and name, photo, and contact information for volunteer coordinator.

2. As often as possible use examples of volunteer successes, quotes from your volunteers about why they volunteer with your program, and examples of program advocacy in your recruitment and program promotion materials.

3. The time between receiving and reviewing a volunteer application and conducting initial certification training is an opportunity to provide the potential volunteer basic information about the program. By asking a potential volunteer to review basic information about the program before training they may be more prepared for initial certification training and some individuals may realize it is not the best fit for them before investing time in training. Examples of information to share includes:

   - **Equipping Long-Term Care Ombudsmen for Effective Advocacy: A Basic Curriculum (NORC Curriculum): The History and Role of the Long-Term Care Ombudsman Program (Module One)**
     - Module One of the NORC Curriculum Online Training
       - [https://sites.google.com/site/historyandroleofltcop/home-1](https://sites.google.com/site/historyandroleofltcop/home-1)
     - Module materials are also available as PDF and PPT documents
       - [http://ltcombudsman.org/omb_support/training/norc-curriculum](http://ltcombudsman.org/omb_support/training/norc-curriculum)
   - Visit the NORC website ([http://ltcombudsman.org/](http://ltcombudsman.org/)), especially these pages:
     - About the Ombudsman Program
       - [http://ltcombudsman.org/about/about-ombudsman](http://ltcombudsman.org/about/about-ombudsman)
     - Welcome to the Ombudsman Program Network
       - [http://ltcombudsman.org/new-ombudsman](http://ltcombudsman.org/new-ombudsman)
   - Invite the potential volunteer to explore your program’s website and social media accounts.

4. Asking potential volunteers to identify at least two references (non-family members) is an important part of the intake process. As you know, volunteers will be working with vulnerable individuals and will have access to confidential information, so the more information you can gather about the applicant is helpful. Although the references will likely provide favorable responses to your questions, by telling the applicant about the role of the program and the type of situations the potential volunteer may encounter, by listening closely you may learn more about the applicant to help you determine whether he/she is a good fit.

5. Orientation and initial training provides several opportunities to ask questions and really listen to the potential representative’s response to identify red flags or areas that need more discussion or training. Take advantage of this time to better understand the trainee, their learning process, their skills and interests, and areas for improvement to ensure they truly understand the unique role and responsibilities of the Ombudsman program.

LETTER TO PROSPECTIVE VOLUNTEER OMBUDSMAN PROGRAM REPRESENTATIVE

Dear ______________,

Thank you for your interest in serving as a volunteer Long-Term Care Ombudsman program representative. Volunteer Ombudsman program representatives provide invaluable advocacy with and for residents in long-term care facilities in their local communities. You would join the over 7,000 designated volunteer Ombudsman program representatives that greatly enhance long-term care resident access to the Ombudsman program’s services across the country.

The Long-Term Care Ombudsman Program (LTCOP) was established in the Older Americans Act in 1978, following a demonstration project which began in 1972. Each state has a State Long-Term Care Ombudsman program and most states train and designate volunteers to carry out the duties of the program. Our agency, ______________, began its Ombudsman Program in _______ and our program supports ______ residents living in _______ nursing homes and _____ assisted living facilities, [add other settings as appropriate].

Ombudsman program representatives advocate with and for individuals residing in nursing homes, assisted living facilities, and other types of residential facilities. Volunteer Ombudsman program representatives receive training and support to visit residents at an assigned facility, provide information about their rights, assist them (upon their request) with their complaints, and submit reports reflecting their activities and case work. Our volunteers are expected to visit residents in their assigned facility __________.

After receiving and reviewing your application, background check, and conflict of interest form, we will contact you for an interview. Following a successful interview, you will be invited to attend initial certification training. Training includes _____ hours of training on topics such as the history and role of the Long-Term Care Ombudsman program, residents’ rights, effective communication skills, resident-directed advocacy, investigating and resolving complaints, and reporting requirements. Upon completion of these activities, the State Ombudsman will make the final decision on designating you as a representative of the Office of State Long-Term Care Ombudsman. For more information about our program visit our website ______________.

We look forward to having you as a valuable addition to our program. Please note that the process of becoming a volunteer may take some time but being an advocate for residents will be worth the investment.

Please contact us if you have any questions. ___________________ (phone, email)

Thank you for your interest.

Sincerely,
II. KEY POINTS FOR MINIMUM VOLUNTEER REQUIREMENTS

Volunteer position descriptions help further define the minimum requirements and role for potential volunteers in your program. This document includes key points to consider including in your program’s volunteer position description.

NOTE: These examples of minimum requirements are based on general Long-Term Care Ombudsman program practice and are provided as a guide. Modify these requirements to meet your needs and your program’s policies and procedures.

Minimum Age: 18

Time Commitment: Volunteers must commit to a minimum of _____ hours of service a week/month and/or one year of service.

Transportation: Must have reliable transportation to participate in required training and conduct facility visits. NOTE: May want to mention whether your program reimburses volunteers for their mileage or public transportation costs.

Processing Required: Prospective volunteers must successfully complete a volunteer application which contains at least 2 references (non-relatives), a background check form, a conflict of interest form, and an interview with program staff prior to initial certification training.

Requirements: Volunteers must attend ____ hours of continuing education annually to maintain status as a designated representative of the Office.

NOTE: Insert other requirements, such as required number of visits or hours spent in the assigned facility; completing documentation and turning in reports; annual evaluation; adhering to the code of ethics of the program; following policies and procedures, applicable immunizations, etc. Regarding immunizations, most programs do not require them, such as an annual influenza (flu) vaccine and/or bacille Calmette-Guerin (BCG) vaccination for tuberculosis (TB) disease. If your program does require immunizations the potential volunteer should be informed early in the intake process and be provided information about accessing free or low-cost immunizations.

Reasonable Accommodations: For potential volunteers that need a reasonable accommodation in order to complete the application process and/or perform essential duties of a designated Ombudsman program representative, please speak with the program coordinator, ________________________________.
