OVERVIEW & HISTORY OF THE LONG-TERM CARE OMBUDSMAN PROGRAM

Section 2
What is an Ombudsman?

- Representative
- Advocate ombudsman
“What is a Long-Term Care Ombudsman?”
The State Long-Term Care Ombudsman

- State Ombudsman, Ombudsman

- Head of the State Long-Term Care Ombudsman program responsible for:
  - ensuring all program requirements are fulfilled
  - ensuring representatives of the Office fulfill their duties
  - designating representatives of the Office and local Ombudsman entities
Representatives of the Office

• Employees or volunteers

• Designated by the State Ombudsman

• Responsible for carrying out the duties of the program
History of the Program

• **1970s**
  - The program officially began in 1972 with implementation of President Nixon’s 1971 Eight Point Initiative to improve nursing home care.
  - The program started as a demonstration program to test its effectiveness. By the late 1970s, all states were required to have an Ombudsman program as a requirement of the Older Americans Act (OAA).

• **1980s**
  - The program expanded to include board and care as well as other similar adult care facilities.
  - Clarifying language was added to the OAA to ensure the program’s access to long-term care facilities, residents, and records.
• **1990s**
  - Title VII, the Vulnerable Elder Rights Protection Program, was created in the 1992 amendments to the OAA.
  - The 1992 OAA amendments also included the creation of an Office of the State Long-Term Care Ombudsman and clarified some conflicts of interest.

• **2000s**
  - The 2000 OAA amendments included specific language that prohibited Ombudsmen entities and representatives of the Office from financial gain through an action or potential action brought on behalf of individuals they served.
• **2006**
  - Reauthorization added “Assisted Living Facilities” to the definition of “Long-term Care Facility” thereby requiring the LTCOP to provide services to residents of Assisted Living Facilities.

• **2015**
  - The State Long-Term Care Ombudsman Programs Rule was published in February 2015 with an effective date of July 1, 2016. The LTCOP Rule adds clarity to many of the program responsibilities and provisions in the OAA.

• **2016**
  - The 2016 OAA amendments added clarity and additional authority to the LTCOP in several areas.
2020

- OAA reauthorization clarified that the LTCOP is allowed to provide, and financially support, recognition for individuals designated as volunteer representatives.

"The Older Americans Act clearly affirms our Nation's sense of responsibility toward the well-being of all our older citizens."

President Lyndon B. Johnson
July 14, 1965

Document
What Makes the LTCOP Unique?
Best Interest

- Best interest?
- It sounds nice….
- What is it?
- Who can tell me what is in my best interest?
The LTCOP does NOT focus on best interest

- LTCOP *does not* make decisions for the resident.

- You have diabetes and should follow a low sugar diet
- It’s not safe to live at home without services
- You shouldn’t smoke
The LTCOP does support and advocate on behalf of resident wishes, supporting the resident’s right to self-determination.

- You have diabetes and should follow a low sugar diet.
  - You have a right to choose what to eat.

- It’s not safe to live at home without services.
  - No one can keep you in the facility against your will. What can be done to assure you will be safe when you go home?

- You shouldn’t smoke.
  - If the facility allows smoking, and you wish to smoke, let’s talk to the staff to try and make that happen.
Mandated Reporters

- Sounds important!
- Sounds like something we should do…
- Actually, No!
- What do you mean we are not mandated reporters?
• Representatives **are not allowed** to report suspected abuse, neglect, and exploitation of a resident without permission to do so.
A daughter calls the LTCOP and says her mother, Olga, gets terrible care and never gets her showers as scheduled. The representative visits Olga and Olga says that her daughter worries too much, and she has no concerns with her care. However, Olga complains the food is often cold and asks the representative to talk to the dietary manager about the problem.
The LTCOP worked with Tonya about concerns of staff and residents verbally abusing her because of her sexual orientation. The LTCOP provided training on rights and abuse. With the help of the LTCOP, Tonya filed a complaint with the state agency responsible for investigating long-term care facilities and the results showed evidence of verbal abuse. While the verbal abuse stopped, she still feels uncomfortable around certain people. The LTCOP continues to work with Tonya towards her feeling more comfortable in the facility.

What are Conflicts of Interest?

• An attorney representing an individual who is suing a company in which the attorney has investments

• A doctor’s relationship with a drug company that influences what medication is prescribed

• Hiring a relative who is not qualified for the job
Conflicts of Interest

• Individual
• Organizational

All perceived or actual conflicts of interest are required to be identified, removed, or remedied.
Individual Conflicts of Interest

- The State Ombudsman
- Representatives of the Office
- Members of their immediate family
• Involvement in licensing or certification of a long-term care facility

• Owning or investing in a long-term care facility

• Employment by a long-term care facility

• Receipt of, or right to receive, directly or indirectly, remuneration (in cash or in kind) under a compensation arrangement with an owner or operator of a long-term care facility
• Accepting gifts or gratuities from a facility, a facility staff member, a resident or a resident’s decision-maker

• Accepting money, or other considerations from anyone other than the Office, or an entity approved by the Ombudsman, for conducting your duties as a representative without the Ombudsman approval
• Serving as a legal decision-maker for a resident to whom you provide Ombudsman services

• Serving residents of a facility where your immediate family member resides
Individual Conflicts of Interest
My step-mother resides in the facility where I am assigned, but we haven’t talked in years, so I don’t think it is a conflict of interest.

I worked in the facility where I am assigned for only 2 months and it was 2 years ago. I left on good terms, so I don’t see a conflict of interest.
I own a licensed group home and would like to become a representative of the Office.

I license and inspect assisted living facilities, but would like to volunteer as a representative of the Office in my spare time.
Organizational Conflicts of Interest

- An organizational conflict of interest is a situation in which two entities have duties or responsibilities that may directly or indirectly influence their own interests.

The agency hosting the LTCOP where I work has a nursing home administrator on their Board of Directors and the administrator votes on our local Ombudsman budget. Is this a conflict?
LONG-TERM CARE OMBUDSMAN PROGRAM ETHICS

Section 7
Ethics

- Based on individual and social beliefs about what is or is not acceptable behavior.
Stay in Your Lane

LTCOP Lane

- Coordinating
- Facilitating
- Changing laws
- Changing polices
- Providing training
- Pointing out problems

Not Your Lane
- Providing care
- Feeding residents
- Pushing residents in their wheelchairs

Ethical Dilemmas

- June
- Jack
- Billie
June asks you to pour her a glass of water because her throat is dry. The water pitcher and cup are on her bed-side table, but out of her reach.

She’s thirsty and can’t reach her water but who is responsible to get the water for her? Does she have fluid restrictions? Does she have difficulty swallowing?

Response - “I’d be happy to ask a staff member to assist; is that okay with you?”
You are talking to Jack in a public area, but he wants to talk in private. He uses a wheelchair and cannot push himself down to his room. He asks you to do so.

He needs help with his wheelchair and wants to talk privately with a representative, which is his right to do so. Who is responsible for taking him to his room?

Response - “If you are okay with it, I’d be happy to ask a staff member to assist you; I am not allowed to push residents in their wheelchairs.”
Billie

During a visit in Billie’s room, she tells you she’s chilly and asks you to get her sweater out of her closet and help her put it on.

She is uncomfortable and wants her sweater but is it okay for the representative go through her closet even at her request? Who is responsible for assisting her with dressing?

Response - “I’d be happy to ask a caregiver to assist you; is that okay with you?”
Consider

- Is the request within the scope of my duties as a representative of the Office (Is it my job/role/responsibility to fulfill this request)?

- Who else might be responsible for conducting the actions I am being asked to fulfill?

- Is there potential harm that could be done to the resident if I personally act on the request?

- What can I do to assist the resident without overstepping the boundaries of the program?
Who does the LTCOP represent?
Who does the LTCOP represent?
Stella complains that meals served in her room are cold, and asks you to sample the food to see if you agree.
Kai is at risk of choking but wants to eat all meals alone in his room. He is not comfortable eating in the dining room and doesn’t want a staff member in his room “babysitting” him. Kai asks you for help with convincing the staff to let him eat in his room.

Module 1 Questions

True or False?

1. The authority of the LTCOP comes from the Older Americans Act.
   ✓ True

2. Representatives of the Office are required to fulfill the duties set forth in the Older Americans Act, the LTCOP Rule and the policies and procedures set forth by the Office and the State Unit on Aging.
   ✓ True
True or False?

3. The Office of the State Long-Term Care Ombudsman is a distinct entity, separately identifiable from the State Unit on Aging or another hosting agency.
✓ True

4. Only the State Ombudsman has the authority to designate, refuse to designate, or suspend or remove designation of a representative of the Office or a Local Ombudsman Entity, unless the State Unit on Aging overrules the State Ombudsman’s decision.
✓ False
5. My father just started working as a maintenance man in an assisted living facility. I don’t visit that particular facility, so I don’t need to report it as a conflict of interest.
✓ False

6. The facility reached out to me and asked if I would volunteer to help take residents to activities every Tuesday. I noticed during my regular visits as a volunteer representative that residents miss activities because no one is able to take them to scheduled activities, so, I agreed to do so. It is not a conflict of interest because I volunteer as a representative on Fridays.
✓ False
Determine if the following requests to the LTCOP are appropriate or inappropriate:

A. Mr. Lopez has uncontrolled diabetes and is morbidly obese. Against the doctor’s recommended diet, he wants to eat the desserts that the other residents without diabetes are served. He asks you to talk to the dietary manager about getting the same desserts as everyone else.

✓ Appropriate

B. The facility social worker contacts the LTCOP and asks for help finding a facility for a resident who is causing “problems.”

✓ Inappropriate
C. Mrs. Thompson complains that she is lonely and asks you to stay longer to keep her company and look through her photo albums with her.
✓ Inappropriate

D. Mrs. Cohen tells the LTCOP she would like to go to Temple every week. Mrs. Cohen states that she heard “The Ride” program takes two fellow residents, but she needs assistance to fill out the application and submit it. With Mrs. Cohen’s permission, the LTCOP asks the social worker to help the resident complete the application.
✓ Appropriate
E. Mr. Clark wants your help to convince the facility staff that he should be allowed to take a shower every morning. The facility says they are concerned they don’t have enough staff to allow for Mr. Clark or anyone else to shower daily and asked “what would happen if all of the residents wanted to take a shower every morning?” The staff member asks you to talk Mr. Clark out of his request.

✓ This is an appropriate request from the resident, but an inappropriate request from the staff member. The LTCOP can assist a resident with the right to choose to shower daily. However, the LTCOP would not attempt to talk the resident out of something that is his right, as the staff member has requested.
